single or double breasted coat, and trousers with attached belt and turn-ups.

These find favor with a vast army of well-dressed men for general and outing wear. Why not you? Then, too, they are different from the ordinary outing suits. They are designed and tailored by CROUSE & BRADGISH, Manufacturing Tailors, Utica, N. Y., whose extensive tailoring shops in their

factory and their large purchases enable them to give better clothes for the same price than a smaller producer. Their garments are made with a keen eye to **SHAPE RETAINING**, a most important desideratum in the outing suit. This is what C. & B. clothes are d-in-z for the man who believes in dressing better than formerly without paying more.

IRRIGATION IS NEEDED

After That New Mexico May Become a State, Says President Roosevelt.

NAVAJO BLANKET PRESENTED

Most Picturesque Day of the Western Trip Ended Yesterday Evening.

Albuquerque, N. M., May 5.—The president closed the most picturesque day of his western trip with a stop of two hours in Albuquerque this evening. In front of the beautiful Alvarado hotel he spoke for a few minutes to a crowd of 500 people. The president dwelt on irrigation and its importance in New Mexico, out of the greater part of the time in discussing qualities that go to make up good citizenship.

Directly opposite the speaker's stand was a tableaux representing New Mexico appealing for admission to the Union. 45 little girls dressed in white representing the states while one of them on the other side of the gate, at which stood Uncle Sam, represented New Mexico. The president said when New Mexico had a little more irrigation there would be nothing the matter with the little maiden on the other side of the gate.

The president was presented with a Navajo saddle blanket. He was greatly pleased with the gift. There the president was greeted by another big delegation of members of his rough riders regiment and he repeatedly referred to his pleasure in meeting them and in visiting the country from which a greater number of that regiment was recruited.

At 5 o'clock the president continued his trip to the west with the Grand canyon of Colorado as the objective point.

DIJ GOLD IN SIBERIA.

Big Company Will Operate On Siberian Coast on Large Scale.

San Francisco, May 5.—John Rosone, president of the Northwestern Commercial company and managing director of the Northwestern Siberian company, which has secured from the Russian government a valuable concession of about 200,000 acres on the Tchukotsk peninsula of Siberia, which lies just opposite Seward peninsula on the Alaskan coast, has arrived from the east and is registered at the Palace. His purchase in coming to this city is to purchase a steamer to increase the fleet of three already owned by the company to carry supplies to the trading stations established along the Siberian coast. Additional stations will be built this year and at least three hundred Americans will be employed, while as many Russian laborers will be put to work in coal and gold mines and at the salmon fisheries.

Behind Rosone who is the first American permitted by the czar to assume the duties of manager of a Russian commercial concern, are high officials of Russia, among them the Grand Duke Nicholas, uncle of the czar, Prince Dolgovouki, general aide de camp to the czar and Colonel V. M. Wondlarski. Among the American stockholders are Ferdinand W. Peck of Chicago, John I. Waterbury of the Manhattan Trust company, W. F. Yokum, president of the St. Louis and San Francisco railroad; Lyman J. Gage and James Ramsey president of the Wabash road.

JEWS ACCUSE RUSSIA.

Massacres of Jewish Population At Kirshineff Charged to the Government

New York, May 5.—Joseph I. Baroness, the former leader of the sweat shop workers in their wage battles; Louis Miller, a director of a socialist newspaper; Rev. Dr. Joseph Zeff and Edwin Markham, the poet, were among the speakers at a meeting of Jews held at Cooper Union to protest against the massacre of Jews at Kirshineff, Bessarabia, recently. The Russian government was accused of responsibility for the outrages as the speakers said the peasants and the Jews lived at peace with one another.

SHIPPED AS FISH BONES.

Neat Method of Smuggling Chinese Skeletons Out of the Country.

San Francisco, May 5.—Secretary Emery of the board of public works, with Chief Sanitary Inspector Hassler, made a raid on a Chinese hospital yesterday and found a package of human bones neatly done up and ready for

shipment to China. Forty-five such packages are believed to have gone on the Hong Kong Maru, labeled "fish bones."

COLUMBIA BEATS THEM ALL.

Reliance Decisively Outtailed in Yesterday's Racing.

Glen Cove, L. I., May 5.—It required just 20 minutes today for the peerless cup defender Columbia to demonstrate that in a light wind and beating to windward she is a better boat than the new Herreshoff's cup yacht, Reliance. Starting from a point to leeward and slightly astern to the Reliance, the Columbia sailed through the new boat's lee, laced across her bow and in the next mile and a half increased her lead to nearly a quarter of a mile. The Reliance then withdrew. When the Columbia went through her lee the Reliance kept off voluntarily and gave up the advantage of her wind position, but she was none the less decisively and emphatically outtailed. She was a quarter of a mile behind after 20 minutes' racing.

ALLIES COME TO TERMS.

Agree With Bowen to Submit Question to The Hague.

Washington, May 5.—Final permission reached the Italian, British and German embassies tonight for the allies' representatives to sign with Mr. Bowen, Venezuela's representative, the protocol submitting the question of preferential treatment to The Hague tribunal for arbitration. As soon as the allies' representatives can agree among themselves as to whether The Hague convention shall be signed separately among the three powers or jointly, the signatures will be affixed. On this question Mr. Bowen has declared himself neutral.

ELECTION IS IN DOUBT.

Republicans of Baltimore Get Majority in Council.

Baltimore, May 5.—The result of today's election in this city as to mayoral candidates is in doubt and will not be officially ascertained until tomorrow. Of 30 precincts in the city 28 have been counted and they give a plurality of 22 for Robert McLean, democrat, over Frank M. Wachter, republican. In the other five precincts, owing to disputes between election judges, the ballot has been locked up for the night.

George F. Heffner, republican is elected city controller. The republicans will have a majority in the second branch of the city council and the democrats in the first branch.

DEMOCRAT BADLY BEATEN.

The Indications Are That Republican Will Be Elected.

Spokane, May 5.—Returns from all but two precincts give Boyd, republican candidate for mayor, the lead of about 1000 votes over Acuff, the municipal league candidate. Other precincts will probably increase Boyd's plurality. Rasher, democrat for mayor, is badly beaten. Byrne, the present mayor, ran as an independent and will poll a vote about as large as that of Rasher. Democrats elect Daggett, controller, and Eggleston, treasurer. Apparently the republicans have elected the majority of councilmen.

SALOONS WILL BE CLOSED.

Action Taken by Omaha Officers to Insure Order.

Omaha, May 5.—At a conference late this afternoon between the mayor, chief of police, sheriff, labor leaders and the heads of business associations, it was decided to close all saloons in the city until the strike has been settled. An order has been issued to that effect, closing all saloons at midnight tonight.

DEERING HOTEL BURNED.

Four Persons Injured by the Flames, and \$10,000 Damages Sustained.

Chicago, May 5.—Four persons were injured, a damage of \$10,000 caused and a panic among 50 boarders resulted today when the Deering hotel, 25 Fuller avenue, was destroyed by fire. The building is owned by the Deering Harvester company, and nearly all of the inmates were employed by the concern.

HART BEATS O'BRIEN.

Philadelphia, May 5.—Martha Hart of Louisville, Ky., had the better of a six-round fight with Philadelphia Jack O'Brien tonight at the Penn Athletic club. O'Brien put up a wonderful fight.

London, May 5.—King Edward received a great popular welcome on his arrival in London from France today.

COLLIDED IN DENSE FOG

Horrible Tragedy Enacted Off the Virginia Coast in Early Morning.

OVER 20 PEOPLE DROWNED

Great Steamers Crash Together, One of Them Sinking From Sight.

Norfolk, Va., May 5.—A collision at sea that cost the lives of 20 or more people and the sinking of the Clyde steamship Saginaw by the old Domino steamship Hamilton, occurred between the winter quarter light ship and the Fenwick Island light ship on the Virginia coast at 4:40 o'clock this morning. The Hamilton left New York yesterday afternoon for Norfolk and the Saginaw passed out of the Virginia cape last night, bound for Philadelphia. The fog was so thick that objects a ship's length away were invisible and when the two crafts were in sight of each other the Saginaw veered, but the knife like prow of the southern bound vessel struck the Clyde ship on the stern cutting the entire rear of the ship away. The rushing water caused the Saginaw to settle rapidly at the stern and the Hamilton lowered life boats.

Panic stricken people rushed over the decks of the Saginaw and scrambled toward the bow. Life boats were lowered and into the first 15 colored women were placed. The boat was swamped as it struck the water and the occupants were thrown into the sea and drowned. To the floating wreckage the struggling people in the water clung with desperation, and many of them were rescued by boats from the Hamilton. Others were drowned.

Before the life boats of the Hamilton had reached the Saginaw the latter had disappeared beneath the waves and nothing but her topmasts were visible. To these several men were clinging, one of whom was the aged captain, B. S. Tunnell. When he was taken off it was discovered that he had suffered severe internal injuries.

PRIZE WINNER FOR PRESIDENT.

Plan for Negroes to Set Up Utopian Government on Island of Hayti.

New York, May 5.—William Pickens, a negro who won the junior exhibition prize at Yale has asked to become the head of a new Afro-American republic to be established in Hayti, says a World dispatch from New Haven, Conn. In his oration which won the prize, Pickens discussed Hayti's freedom and declared against it.

The scheme is to effect a conquest of the Island of Hayti by American negroes and to set up a government utopian in character. The junta of the movement is at Sturgis, Ky., and the correspondent of the society is N. L. Musgrove. He asks that Mr. Pickens act as secretary and board member in this section and says that the Yale man would eventually be chosen as president of the society. It is also suggested that he take the lecture platform and raise funds for the organization. Mr. Pickens when seen said that he had the matter under consideration and would seek advice before enlisting his services in the movement.

In discussing the plan he said: "Innovations and novelties in the methods of government are proposed after Hayti has been overcome. While the government would be republican in its political formation, it would be administered as a gigantic corporation, of which all members of the society would be stockholders. All land titles and franchises are to be vested in the state. All dangerous and incorrigible criminals will be provisioned and set adrift on the sea to seek other shores. "Agriculture, manufacturing and other profitable industries are to be encouraged. Public schools are to be established and liberty is to be widespread, but the rights of each individual are to be bounded by the rights of every other."

EXTRACTED BY ELECTRICITY.

Piece of Steel Drawn From Face of Vallejo Lad By Use of Magnet.

Vallejo, Cal., May 5.—John Gregg, an apprentice at the navy yard, was severely injured last week by a piece of steel which flew from a planing tool imbedding itself in his face. It was thought that the metal had been entirely removed from the wound, but yesterday the injury showed indications of foreign substance. Master Electrician Petrie became interested in the case and rigged up a magnet after

AFRAID FOR THEIR LIVES

Feudists of Jackson, Kentucky, Have Control of the Situation.

MARCUM'S FRIENDS ALOOF

Widow of the Murdered Man Hesitated to Approach the Body.

Lexington, Ky., May 5.—Not a line is being sent out from Jackson, Ky., by correspondents, for fear of feudists.

A reliable man who came today from Jackson to Lexington said conditions at Jackson were deplorable and renewed hostilities between friends of Marcum and those now in power are imminent. No arrests have been made and there are no efforts being made to apprehend the assassin. The widow of Marcum went to see the body of her husband today for the first time, but Marcum's friends have been afraid to be seen taking any interest in him. Before the shooting two men suspected of killing others in this feud in former years, passed Marcum. Marcum then remarked to a bystander: "I don't like the actions of those men; I'm afraid they are up to something."
